CAPITAL OVER 350,000 DOLLARS, AND CONSTANTLY INCREASING. The Charter of this Company offers more favorable advantages to the farmer and others, than any Company chartered in the State, by insuring with or without a premium note. If the applicant prefer, he can pay the full amount of the premium in cash, or by effecting a cash insurance for two years, the insured saves one-eighth of the amount he would otherwise have to pay; or by becoming a member, and giving a small premium note, the insured saves nearly one-half of the amount charged by Stock Companies, when insuring from year to year. This is the advantage resulting from the combination of the

CASH AND MUTUAL PRINCIPLE. This Company commenced issuing Policies against loss or damage by fire, on the 13th day of March, 1854, since which time over seven thousand seven hundred persons have insured and become members of the Company, and over seventy thousand dollars have been paid for losses. Having increased our business during the past year, we feel grateful for the liberal patronage bestowed upon the Company thus far, and for its flattering prospeets of future usefulness. The Directors hope and believe, that, by prudence, caution, and a rigid system of economy, they will establish for this lice Gazette. Boston Pilot, Irish American, and Company a reputation for cheapness and safety not surpassed by any Company in the U. States. All differences in settlement of losses, may be determined by three disinterested arbitrators of the Book and Periodical line. County where such loss happened, to be mutually chosen by the insured and the Company.

IN COMMON COUNCIL. At a meeting of the Common Council of Alex-

andria, held November 13th, 1860, there were pre-W. D. Massey, esq., President. Messrs. McVeigh, Markell, Whittington, Hallo-

well, Atkinson, Snowden, Eastlack, Alexander, Harper and McKenzie.
On motion of Mr. Harper, the resolution appointing proxies, at the last meeting of the City Council to represent the interest of the city, in the meetings of the Orange and Alexandria and Manassas Gap Railroad Companies, was amended by inserting the words "and in all adjourned meetings of said Companies that may be held."

On motion of Mr. Massey, it was Ordered, That Lewis Williams, (colored) have permission, the Mayor having consented, to enlarge his frame blacksmith shop, corner of Duke

Mr. Markell presented the application of Lewis Hooff for remission of tax on Bonds improperly assessed to and paid by him in 1859; which, on motion, was referred to the Committee on Claims. The following resolution was received from the Board of Aldermen, and on motion, its adoption concurred in:

WIFE OF THE PRESIDENT ELECT .- A COTTESpondent of the N. Y. World, writing from Springfield, Ill., thus refers to Mrs. Lincoln, wife of the President elect:

"The future lady of the White House is.

perforce, a personage to whom just now the

liveliest interest attaches. That she will adorn and grace even the exalted position to which she bids fair to succeed, none who had the fortune to see her can doubt. She is yet apparently upon the advantageous side of forty, with a face upon which dignity and sweetness are blended, and an air of cultivation and refinement to which familiarity with the courtly drawing rooms of London, or the aristocratic salons of Paris, would hardly lend an added grace. She is admirably calculated to preside over our Republican court. If one were permitted so far to describe her personal appearance as to meet half way the respectful curiosity which is

generally felt upon the subject, the description would be, that she is slightly above the medium stature, with brown eyes; clearly cut features, delicate, mobile, expressive: rather distinguished in appearance than beautiful, conveying to the mind generally an impression of self-possession, stateliness and elegance.

WHIPPING OXEN .- It is a cruel and generally a useless act of barbarism to whip oxen. The best drivers use the lash the least. Upon this point hear what the editor of the Massachusetts Plowman says. It is good sense, and every farmer should think of it:

"Thoughtless men will whip, whip, whip. They do it from habit-a very bad habit; and we find it difficult to correct that habit. We are trying to teach our hired men better manners than to put on the whip before giving an invitation to the brute animals "to go.' We have oxen that will 'go' as soon as they are invited, without the endorsement of the whip. Yet we find it a difficult matter to control the whip."

It is surely a savage practice to apply the lash before inviting the animals to move by the proper words.

The York "Methodist" discusses the reception of the Prince of Wales. It pronounces Albert Edward himself, "a striking example of the negative virtue of prudence,' since he has not dropped, during his brief sojourn among us, "a single bright saying to be chronicled by the greedy press," nor said anything to make us blush for himself nor his Royal mother. "GLAD IT IS OVER."-This is the tea table

verdict on the recent election. It has been solemnly pronounced by more than ten hundred housewives in this goodly city.
